This class can have an array of ages from the more experienced 12 year olds, to the beginner high schoolers that are on JV or JV2 from our area high schools.

- Cost is \$25.68 per day
- Must Register the days you plan to attend by calling or reserving your spot on CourtReserve.

High Performance Academy

Players that are selected for this group are dedicated to improving their tennis game and competing in tournaments and have been taking lessons for awhile. Players can expect a great deal of conditioning, intense drills, repetitive hitting, point-play and strategy. Players in the group are also required to participate in Matchplay opportunities. USTA Tournament play or UTR is extremely important to learn to use skills taught during training.

USTA Tournaments and UTR Tournaments are a great way to improve your tennis game and get you ready for competition. There are lots of opportunities to play throughout the state of Iowa and being a member of USTA for juniors is free. These tournaments are listed on USTA Play Tournaments under juniors, and listed under UTR. Check out these sites to find summer tournaments. We especially recommend you play the local Northeast Iowa Juniors tournament held at Byrnes Park Tennis Center in Waterloo, and the Waterloo Adult Open.
